

Three months & thirty days of the year

Jan. 1st 1885

November 11th, 1913

Messrs G. A. Grindale, O. H. Murphy and E. G. Moyer,
North House.

Gentlemen:

After consideration of your letter asking advice as to the attitude of the House Committee with regard to the placing of an "honor box" in the North Residence I would say that after consultation with the committee on the residences I am of opinion that it would not be right to allow any external agency to place such a box in the residence. However, if it were owned by and under the control of the House Committee I do not think that any serious objection could be taken to it.

Will you please consult the resident, Mr. Stevenson, on this matter?

Yours sincerely,

President.

The President,

University of Toronto.

Dear Sir,-

After the meeting of the Residence Committee yesterday I communicated with Professor Will of University College, Dr. Primrose and Mr. A. T. Laing, asking for reports on the work which the students had been doing, whose names were brought up at the Committee meeting.

Professor Will reports as follows concerning University College men:-

Gregory, G. S. - First Year Political Science - is unknown to his instructors except by name, and has evidently not been in attendance at lectures at all.

Moore, C. F. - First Year Political Science - was dismissed from the Spanish lectures because of unsatisfactory attendance and was permitted to return only at the special request of Professor Will. He too is practically unknown to his instructors.

Frederick, C. M. - Second Year General Course - is unknown to the instructors in French and Latin, has evidently not been attending to his work.

- 2 -

Taylor, H. M. - Second Year General Course - has been at French lectures three times, at Greek three times, and at Latin three times.

Dr. Primrose's office reports:-

Sinclair, Fifth Year - has a good average record for the work which he has been doing during the Session.

McMahon - Third Year - while not among the best in his class is not among the worst.

Mr. Laing states that delinquency reports are furnished to him every two weeks for students who do not attend to their work satisfactorily. He has received no such reports for Twidale or Sinclair, both of the Fourth Year, which leads him to infer that they have been attending to their work. Early in the Session he had such a report in Creamer's case, but he explained his absence from the Laboratory satisfactorily, and no report has since been received.

Yours very truly,

ABF/S.

Secretary,
Residence Committee.
